

# Introduction to AC Magnetometry:

## Characterization of magnetic nanoparticles and applications

### Seminar

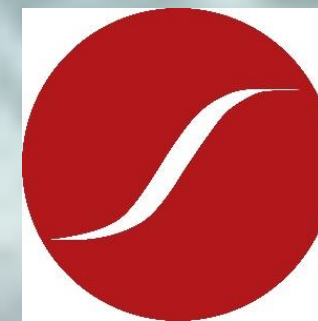

Monday 29.05.2023 12:00

Lecture Room 2.6

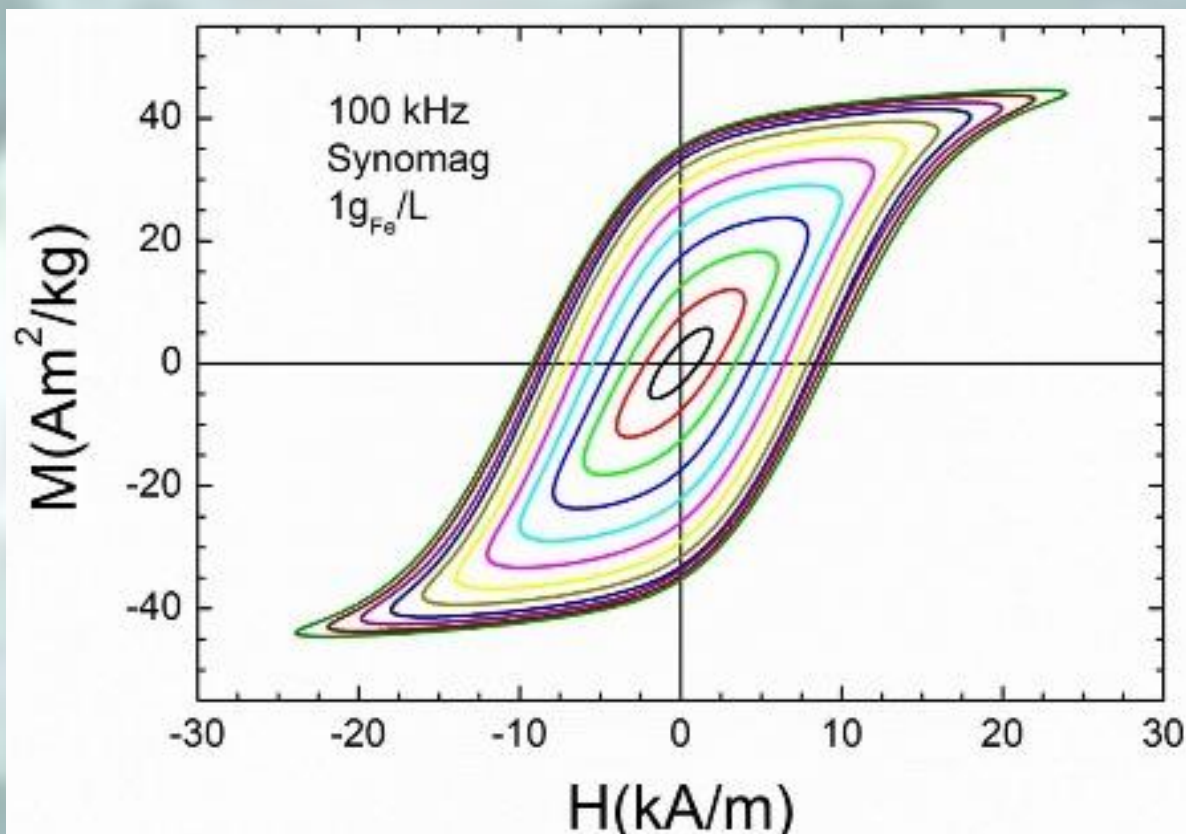

Glass building 2<sup>nd</sup> floor

Carlos Martinez-Boubeta

nanotech  
SOLUTIONS

**Abstract:** This talk will describe the new capabilities of AC Hyster™ commercial automated inductive magnetometers and, in doing so, will review basic concepts in magnetic nanoparticle characterization for biomedical applications.
